

Farnsworth Group, Inc. is a full-service engineering and architectural firm with offices and employment opportunities located throughout a nationwide network of offices. Farnsworth Group is an employee-owned company with a rich 100-year history that offers an impressive benefits and compensation program, in addition to excellent career development opportunities. We are always looking for exceptional and talented employees who are passionate about their craft and the solutions we provide to our clients. We have the following position available:

**Civil Engineer
Denver, CO**

We have an immediate opening in our Denver, CO office for a Civil Engineer within our Land Development Section. Qualified candidates will work with the Land Development team in the planning, design and construction administration of site, campus and subdivision projects with an emphasis in commercial and retail land development. Job duties include project management, client management, planning, engineering design, CAD drafting, technical writing and construction administration. Additional duties may include preparing drainage reports involving hydrology and hydraulic engineering specific to site and subdivision grading and drainage design.

Specific Requirements include:

- B.S. in Civil Engineering from an ABET accredited curriculum
- Licensure: Professional Engineer (PE), required
- 8 - 10 years of land development engineering experience
- Proficient using Civil 3D (site layout, grading, utility and road profiles, cross sections and horizontal control)
- Experience with commercial and retail land development, subdivision and campus design, platting, site planning, entitlements and construction administration, preferred
- Experience with hydrology and hydraulics modeling

We offer a competitive salary and benefits program that includes:

- Medical/Dental Plans
- Prescription Drug Program
- Vision Plan
- 401(k) with Company Match
- Tuition Reimbursement
- Flexible Spending Account
- Time-off Benefits
